📍 1-19.Gannavaram ,Veligandla mandal,Prakasam Dist,Andhra Pradesh 📅 18/08/2006 ♀ Female

CAREER OBJECTIVE

Enthusiastic Electrical Engineering Graduate Seeking an entry level role to apply strong knowledge of circuit Design and power systems in a dynamic engineering team,contributing to innovative projects and fostering and professional Growth.

QUALIFICATION

B-Tech (ELECTRICAL ENGINEERING), <i>Rajiv Gandhi Institute of knowledge and technologies(AP-Ongole)</i>	08/2023 – 05/2027 Ongole
Pre University course (PUC- IntemEDIATE), <i>Rajive Gandhi university of knowledge and technologies(AP-ongole)</i>	12/2021 – 06/2023 Kadapa
10th class ZPHS Veligandla,Prakasam Dist.	2016 – 2021 prakasam

TECHNICAL SKILLS

- Power systems
- EV Chargers (AC & DC)
- Solar PV Systems
- MATLAB simulation

WORKSHOPS

Quantum Fundamentals and Advanced Algorithms

Gained Foundational knowledge of quantum computing concepts and exposure to advanced quantum Algorithms and their applications.

PROJECTS

Video Surveillance Robot(Raspberry Pi)

Built a Raspberry pi based robot for real time video monitoring and remote surveillance.

Intelligent Grid Interface Solar Water Pumping System

Developed a grid integrated solar water pumping system for efficient and reliable operation.

SOFT SKILLS

- Team Collaboration
- Effective Communication
- Analytical Problem-solving

DECLARATION

I,do hereby declare that all the above information is true to the best of my knowledge and belief .
